PERFECT FOR

- ✓ Synthetic Turf Yards
- ✓ Dog Parks
- ✓ Kennels
- ✓ Roof Top Grass
- ✓ Dog Runs

- ✓ Stands up to urine exposure
- ✓ Easy to Install

SMART PET PLUS WITH MICROBAN®

What is Microban®?

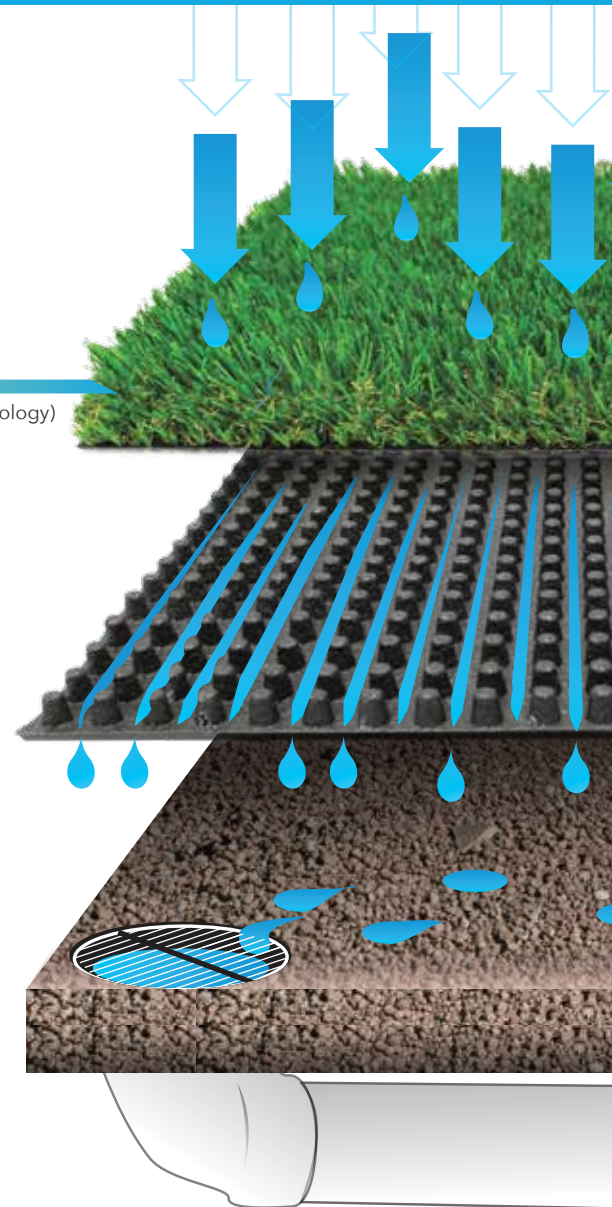

- Microban® is the global leader in antimicrobial and odor protection.
- Microban® technology inhibits the growth of bacteria, mold and mildew, keeping your yard cleaner and reducing odors.

How it Works

- Microban® odor-control and antimicrobial agents are integrated into the blades of the turf during the manufacturing process.
- This patented technology never washes off or wears away and stays active for the life of the product.
- Microban® antimicrobial agents prevent stain-and-odor-causing microbes from growing or reproducing. On an unprotected surface, bacteria can double in numbers every 20 minutes.
- By inhibiting the growth of bacteria, mold and mildew, Microban® technology helps make cleaning even easier.
- Microban® technology helps reduce odors caused by pet urine.

PET TURF CARE IN

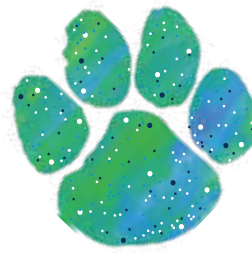

- Simply flush the turf areas that waste with a hose once a week
- If you notice any unpleasant o and water or "Simple Green" ca

TURF SYSTEM

+ Smart Fill™ = Clean Turf With No Odor

- ✓ Affordable
- ✓ Effective solution for controlling pet odor

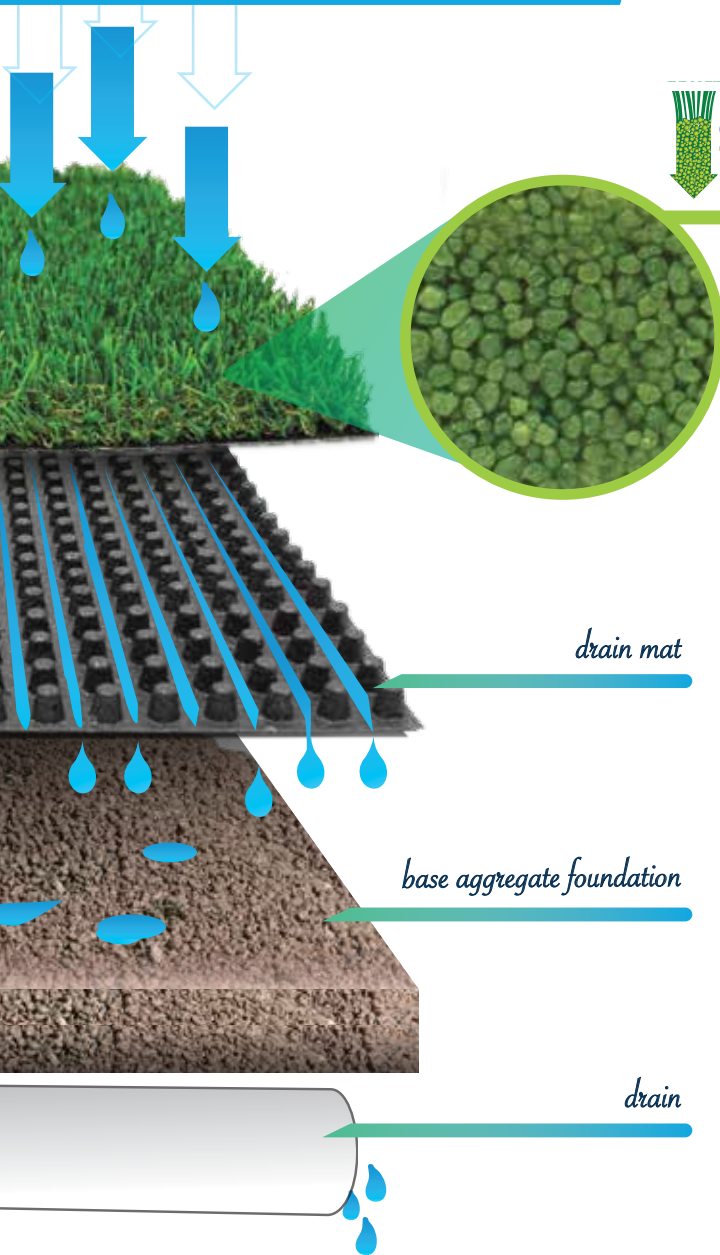

ANTI-MICROBIAL TECHNOLOGY REDUCES AMMONIA ODOR CAUSED BY THE BREAKDOWN OF URINE

Unprotected Surface After 24 Hours

Surface with Microban® Protection After 24 Hours

SMARTFILL™
HIGH QUALITY INFILL

BENEFITS OF SMART FILL

- Integrated with antimicrobial which helps control the growth of bacteria mold, mildew and odors.
- Non-toxic to pets and the family.
- Round shaped sand for better drainage and reduces hardening.
- Coated process reduces absorption of liquids and eliminates harmful dust found in silica sand.
- Improves the life of your turf

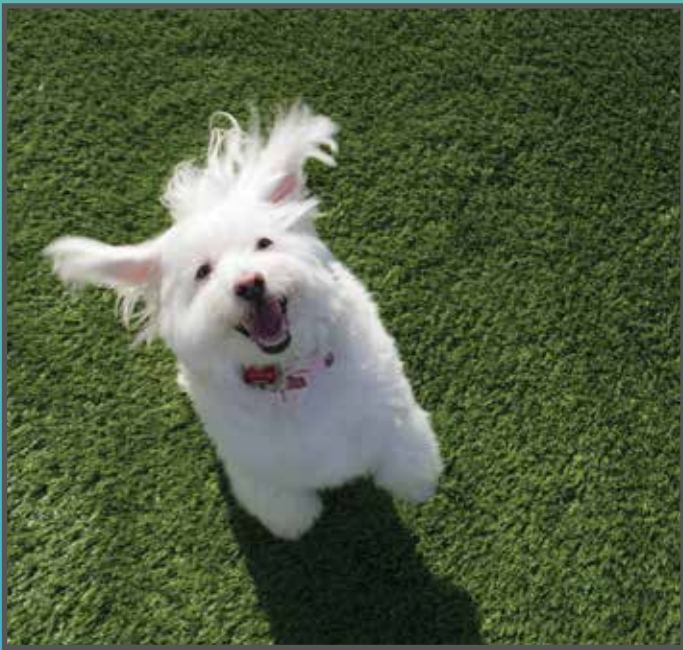

BENEFITS OF DRAIN MAT

The drain mat underlayment creates airspace between the turf and base foundation. The drain mat essentially channels the water and urine to flow naturally to the drains away from the base aggregate foundation.

INSTRUCTIONS

If your turf has been exposed to urine and you need to clean it, use a solution of 1 part bleach to 10 parts water or as needed. For odors a mixture of distilled vinegar and water can be used to neutralize them.
