SmartTurf®
ARTIFICIAL GRASS

Artificial Grass Accessory

WEED BARRIER CLOTH

Specs

6’ x 300’ roll of non-woven polypropylene fabric
UV protected fabric allows air and water to reach plant roots while stopping weeds
8 year warranty

Features

• Weed Barrier cloth is a spun bond polypropylene fabric that has a hydrophilic treatment which allows more air and water to pass through thus preventing sunlight and nutrients from reaching the places weeds tend to grow.

• Minimizes light penetration - suppresses weed growth and prevents weed-seed germination

• Safe and easy to install

• Suitable for use in flower beds, under walkways, greenhouses, under decks, under artificial turf and much more

• Comes in a 6’x 300’ Roll
